Ljubljana · 14 m² · 9 weeks · single-bed sleep consult room

A single-bed consult room for the first honest conversation about insomnia.

Not a clinic. Not a hotel.
One bed, one lamp, one ritual.

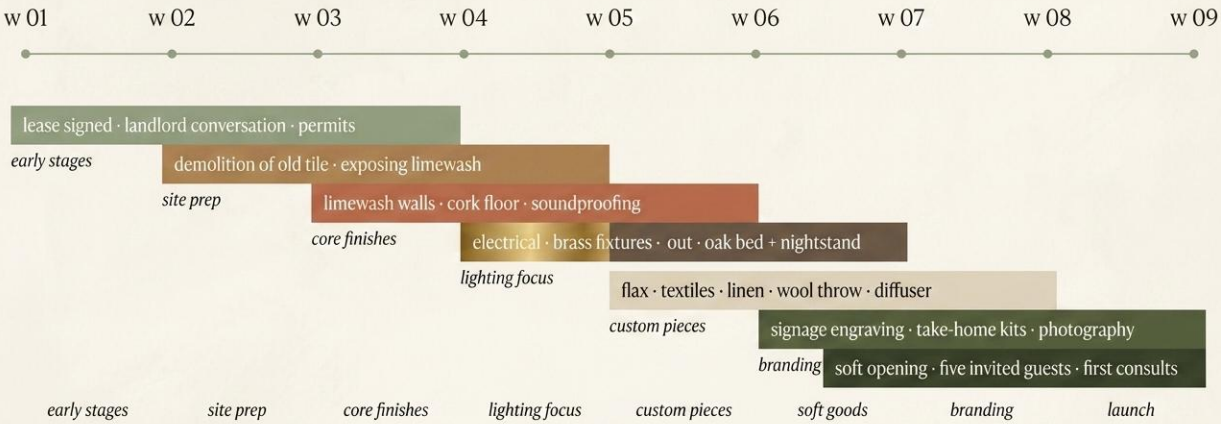
9 weeks · one contractor · Ljubljana rates

9-week build · Ljubljana



one contractor + one host · 9 weeks from signed lease to first guest

three hands · one room

Dr. Nika Horvat · lead clinician · sleep medicine · 48

runs the first consult, interprets the overnight observation

Tadej Kos · host & operator · 34

welcomes each guest, prepares the room, handles linen and billing

Maja Lesjak · ritual & breath · 29

evening ritual sessions, home-kit curation

07:12 · the morning after · one word in the journal

slept

three who come

Maja · 42 · product manager in tech

three weeks of insomnia after a product launch. Comes for one consult + overnight.

Luka · 52 · architect

diagnosed sleep apnoea, wants a second opinion before surgery.

Ana · 35 · new mother

hasn't slept through a night in 120 days. Wants a sleep plan for both.

channels

word of mouth · 60% of bookings

“Nika saved my nights.” — first-year patient

GP referral · partner doctors

“one room, one clinician, one night — dignified medicine”

Instagram · @senlab · weekly, never at night

“we post at 19:47 Monday · one slow photograph”

Ljubljana local guide · walking tours

“the old town, and one quiet door.”

01 · SEN LAB.

three risks · three honest answers

COLUMN 1 — REGULATORY

01 · can a single bed be a clinic in Slovenia?

A licensed somnologist runs it. The room is categorised as a consulting cabinet, not inpatient care. Overnight is classed as observation, with a signed consent form.

Slovenian M.D. license + municipal permit = 4 weeks

COLUMN 2 — OCCUPANCY

02 · what if only ten people come in a month?

Break-even at 14 overnights. Ten consults + four overnights = €2,240 — still below break-even but inside 6-month runway. Buffer in capex.

pre-booked GP partnerships secure 8+ referrals/month

COLUMN 3 — BURNOUT

03 · a clinician + a host for one room — who rests?

Max 18 overnights per month / person. The room closes 3 nights monthly. The host and clinician rotate; the ritual therapist covers days. Nobody works past 21:30.

9 hours off between last overnight and next consult

these numbers do not promise success. They promise honesty.

We believe one bed, one lamp, one clinician can restore a human night more honestly than ten rooms, ten screens, ten protocols.
We believe a single quiet door in Stari trg a better answer than a glass tower in Zagreb.
We promise honesty, not sleep. Sleep follows.
