Japanese matcha supply disruption	long-term contract with single Uji farm + 3-month buffer inventory.
Awning weather damage in Amsterdam rain and wind	retractable marine-grade canvas + off-season cover.
Contactless-only friction for older or foreign customers	backup cash tin for emergencies; clear window signage in 3 languages.

Amsterdam doesn't need another espresso bar.
It needs a slower, quieter ritual — single-farm matcha, hand-whisked at a window, performed in four square metres. One drink. One bowl. One moment.
That is why, and that is now.
